Joyce,

Please find attached the second half of the roll-off bin data.

I will upload the Level 4 data packages to the shared website. Would you like me to send you an access invite for this folder?

Cheers,
Jackie

these and level 4 data pack posted to total access

Also, not sure if I mentioned at receipt, noted in report narrative:
The ID on the container labels for sample NLF-SS-PHASE2B-PT7264-030118 (180-75481-35) did not match the COC. The container labels listed "...PT7265...", whereas the COC listed "...PT7264...". The sample was logged as per the COC.

Jackie/Emily - no results changed during today's review of final package
